

SAFETY DATA SHEET

Masonry Cosmetics' Elixir Solution

1. Identification

- (a) Product identifier used on the label; Elixir Solution
- (b) Other means of identification; Elixir, Stainman's Elixir
- (c) Recommended use of the chemical; Bonding solution for masonry
- (d) Name, address, and telephone number of the manufacturer, importer, or other responsible party;

Masonry Cosmetics, Inc.
3210 Sugar Maple Business Ct.
South Bend, IN 46628
888-698-8705

- (e) Emergency phone number: 574-876-3861

2. Hazard(s) identification

- (a) Classification of the chemical in accordance with paragraph (d) of §1910.1200;

May cause mild eye irritation
May cause mild skin irritation
May cause respiratory irritation

- (b) Signal word, hazard statement(s), symbol(s) and precautionary statement(s) in accordance with paragraph (f) of §1910.1200.

Signal Word: Warning

Hazard Statement(s) May cause mild eye irritation
May cause mild skin irritation
May cause mild respiratory irritation

Precautionary statement(s)

Keep out of reach of children
Suggested to wear protective gloves and safety goggles
In case of contact with eyes, rinse carefully with clean water for several minutes. In relevant cases, take out contact lenses if possible. Contact doctor if irritation persists.
If in contact with skin; wash with soap and water. If skin irritation persists, contact a doctor.
In case of inhalation, bring the affected individual outside into fresh air and make the individual relax in a comfortable position for breathing.

3. Composition/information on ingredients

The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret. Water makes up more than half of the mixture. Its CAS number is 7732-18-5. The other ingredient has the properties described in section 2, above.

4. First-aid measures

Eye Contact	Flush the contaminated eye(s) with gently flowing water, holding the eyelids apart, for 15 – 20 minutes. Obtain medical attention if irritation persists
Skin Contact	Wash affected skin with running water. If symptoms develop, obtain medical attention.
Inhalation	Remove patient from exposure, keep warm and at rest. Obtain medical attention.
Ingestion	Never give anything by mouth if the person is rapidly losing consciousness, or is unconscious, or convulsing. Rinse mouth thoroughly with water. Do NOT induce vomiting. Have victim drink two glasses of water. Obtain medical attention.

5. Fire-fighting measures

This product is not flammable or combustible

- (a) Suitable (and unsuitable) extinguishing media: carbon dioxide, dry chemical powder and appropriate foam for surrounding products.
- (b) Specific hazards arising from the chemical (e.g., nature of any hazardous combustion products): Not applicable. Non-combustible, aqueous solution.
- (c) Special protective equipment and precautions for fire-fighters: None.

6. Accidental release measures

- (a) Personal precautions, protective equipment, and emergency procedures: Wear suitable protective clothing and eye/face protection.
- (b) Methods and materials for containment and cleaning up: Caution – spillages may be slippery. Contain spillages with sand, earth or any suitable adsorbent material. Transfer to a container for disposal or recover.

7. Handling and storage

- (a) Precautions for safe handling: Avoid contact with eyes, skin and clothing.
Avoid generation of mist.
Provide adequate ventilation.
Keep containers closed when not in use
- (b) Conditions for safe storage: Store in cool, dry, area out of direct sunlight
Make sure all containers are properly labeled and not damaged
- (c) Incompatible materials: Strong oxidizing materials, strong acids, some metals

8. Exposure controls/personal protection

- (a) OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available: No occupational exposure limit has been assigned.
- (b) Controls: Engineering methods to prevent or control exposure are preferred. Wear suitable respiratory protective equipment if exposure to levels above the occupational exposure limit is likely.

Eye/face protection: Suggested safety goggles
Skin protection: Wear suitable protective clothing and plastic gloves.

9. Physical and chemical properties

(a) Appearance;	Liquid. Milky color but dries clear
(b) Odor:	Odorless
(c) Odor threshold:	Not determined
(d) pH;	8.5 – 9.5
(e) Melting point/freezing point:	Not determined
(f) Initial boiling point and boiling range:	Not determined
(g) Flash point:	Not determined
(h) Evaporation rate:	Not determined
(i) Flammability (solid, gas):	Not determined
(j) Upper/lower flammability or explosive limits:	Not determined
(k) Vapor pressure:	Not determined
(l) Vapor density:	Not determined
(m) Relative density:	Not determined
(n) Solubility(ies):	Slightly in water
(o) Partition coefficient: n-octanol/water:	Not determined
(p) Auto-ignition temperature:	Not determined
(q) Decomposition temperature:	Not determined
(r) Viscosity:	Not determined

10. Stability and reactivity

(a) Reactivity:	Not determined.
(b) Chemical stability;	Stable under recommended storage and handling conditions
(c) Possibility of hazardous reactions;	Hazardous polymerization will not occur
(d) Conditions to avoid:	Incompatible materials (see Section 7)
(e) Incompatible materials:	Incompatible materials (see Section 7)
(f) Hazardous decomposition products:	None known

11. Toxicological information

Routes of Exposure: Eye contact, ingestion, inhalation, skin contact

Acute Toxicity

Ingestion:	All symptoms of acute toxicity are due to high alkalinity. Material may cause irritation or burn to the mouth, throat and stomach. Symptoms may include nausea
Inhalation:	Material may cause irritation or burn to the nose, throat and respiratory tract. Symptoms may include burning sensation, sore throat, runny nose, coughing, wheezing, shortness of breath or difficulty breathing
Skin Contact:	Material may cause irritation
Eye Contact:	Material may cause mild irritation. Symptoms may include redness, stinging, tearing or pain

Effects of Long-Term (Chronic) Exposure: Not determined

12. Ecological information (Non-mandatory)

Ecotoxicity: There is no available data on the product itself

Persistence and degradability: Not determined
Bioaccumulative potential: Not determined
Mobility in soil: Not determined
Other adverse effects: Not determined

13. Disposal considerations (Non-mandatory)

Disposal must be in accordance with National or Local legislation and directives.
Containers are exclusively for containing the product and must not be utilized for other use.
Dispose of the contents and containers at a point of refuse collection.

14. Transport information (Non-mandatory)

UN number: Non-regulated material
UN Proper Shipping Name: Non-regulated material
Transport hazard class(es): Non-regulated material
Packing group: Non-regulated material
Environmental hazards: Non-regulated material
Special precautions for user: Unsuitable containers: Aluminum
Transport in bulk: Not applicable
Special precautions: Not applicable

15. Regulatory information (Non-mandatory)

OSHA information: Reported/Included
TSCA Inventory Status: Reported/Included
AICS Inventory Status: Reported/Included
DSL/NDSL Inventory Status: Reported/Included
SARA TITLE III: This material is not a listed Toxic Chemical subject to the reporting requirements of SARA Title III §313 and 40 C.F.R. Part 372.
Hazard Categories under SARA Title III §§311/312: Acute. 3,0,0
National Fire Protection Association (NFPA): Health =1, Flammability = 0, Instability = 0

16. Other information, including date of preparation or last revision

The date of preparation of the SDS or the last change to it: October 17, 2015.

Although the information and recommendations set forth herein (hereinafter "Information") are presented in good faith and believed to be correct as of the date hereof, Masonry Cosmetics, Inc. makes no representations as to the completeness or accuracy thereof. Information is supplied upon the condition that the persons receiving same will make their own determination as to its suitability for their purpose prior to use. In no event will Masonry Cosmetics, Inc. be responsible for damages of any nature whatsoever resulting from the use of or reliance upon Information.

NO REPRESENTATIONS OR WARRANTIES, EITHER EXPRESS OR IMPLIED, OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OF ANY OTHER NATURE ARE MADE HEREUNDER WITH RESPECT TO INFORMATION OR THE PRODUCT TO WHICH INFORMATION REFERS.
